

## Answered Prayer

*We declare that we are women of prayer. We are specific about what we expect from your Word and we believe that it will come to pass. We stand on your promises and we believe that we receive what your Word says we can have.*

*Therefore, we boldly pray, asking in faith that you move on our behalf. When we pray, you hear us and answer us quickly. Your Word is powerful; it does not return without accomplishing what it is sent to do. Therefore, we speak your Word with confidence; believe that we will receive what we have asked for. Our prayers are effective, and powerful; they produced results. So, we declare that we will receive what we pray for on this night, right now. In Jesus' name, Amen!*
