

Releasing God's Power & Anointing

Heavenly Father, we thank you that you are omnipotent and have all power. The world is upheld by the power of your Word. We thank you that because of Jesus, we have access to your power. So tonight, we take our place as your daughters and as we are seated in heavenly places with Christ Jesus, we use the authority that you have given us to bind and loose. Tonight we loose your power and anointing in this place. We declare that your power will be evident to all in this house tonight. We thank you that your yolk destroying and burden removing anointing resides in this place. We thank you that your anointing will utterly destroy the yokes that bind your people. We declare that heavy burdens are being removed and that we now enter into the rest only you provide.

We will no longer toil in our strength, but tonight we declare that we will see you high and lifted up and your glory will fill our temple. Tonight, we declare that we will experience your power and anointing as never before and we will be permanently changed. In Jesus Name
